HINCHFIELDS

SAINTFIELD ROAD, BALLYNAHINCH

CRAFTED FOR THE ART OF LIVING

# Welcome *to Hinchfields*

Live in a timeless market town with a modern spirit, where you can choose between a top-notch espresso or a countryside walk. Welcome to Hinchfields.

Tucked among the drumlins of County Down is a place for living and lifestyle, where a simple city commute meets everyday convenience, all within an area of natural beauty and rich heritage.

At Hinchfields, every detail reflects this balance. A thoughtfully composed mix of apartments, townhouses, semi-detached and detached homes provides choice and character for every stage of life. Each is finished to a generous turnkey standard, with refined interiors and practical design built for modern living.

## Where modern living and local character live side by side.

Ballynahinch is one of those rare places that feels both connected and unhurried. At its heart, the market square hums with local life, from morning coffee runs to weekend catch-ups, the town moves to an easy rhythm that feels instantly familiar.

Independent cafés, bakeries, and bistros bring colour and flavour to everyday life, while schools, shops, and leisure facilities keep everything close at hand. For commuters, Belfast, Lisburn, and Downpatrick are all within comfortable reach.

# The Art of Living

At Hinchfields, every home has been designed with modern living in mind, spaces that are as practical as they are beautiful, built to stand the test of time. Thoughtfully planned layouts, generous natural light, and refined interior finishes create a calm, contemporary feel throughout.

The development offers a carefully balanced mix of apartments, townhouses, semi-detached and detached homes, each crafted to reflect Dunlop Homes' dedication to quality and detail.

As an NHBC award-winning developer, Dunlop Homes is recognised for its commitment to excellence in design, craftsmanship, and sustainability. That same vision shapes every aspect of Hinchfields, from distinctive architecture and generous turnkey specification to the integration of smart green technology in every home.

The result is a collection of homes designed not just for today, but for the future.
